

Scholarships for Master in Management Students

Financial need-based scholarships

ESCP Business School **need-based scholarships** may be granted to **European** and **Non-European** students admitted through the following admissions paths:

- Classe préparatoire française. (PREPA)
- Engineering Partner Schools: Centrale/Supélec, ENSAE, ESTP and MinesParisTech
- Double Diplôme Sorbonne (**European** students only).
- Sportif de haut niveau (top-level athlete in France), registered on the national list.
- Talent Spring.
- Students admitted through the PreMaster Admission Test (PMAT)
- Students admitted through RUPE (Politecnico de Turin)
- **European** students admitted by the ESCP Direct Admissions or by “Join a school in France” (SAI) are also eligible.

The following student categories are **not** eligible for financial need-based scholarships:

- Apprentices (Apprenticeship Track)
- Incoming Double Degree students
- Non-European students admitted by the ESCP Direct Admissions
- Non-European students admitted by “Join a school in France” (SAI).
- Visiting students

Students who are eligible for CROUS* scholarships may also be eligible for an ESCP need-based scholarship. The table below shows the percentages of exemption according to the scale of the CROUS.

0 BIS	1	2	3	4	5	6	7
10%	20%	30%	40%	100%	100%	100%	100%

As of September 2021, students who are eligible for CROUS* scholarships, level 4 to 7, could be exempted from tuition fees for all years of study, including the Pre-Master Year, M1 and M2 years. This full scholarship covers both standard Tuition Fees and Fees related to the prerequisite courses in Management.

All other fees such as the Registration fees, additional courses, catching up failed courses, Diploma deferral, GAP semester/year, etc. must be paid in full.

Students who are not eligible for the CROUS social criteria grants may request a partial exemption from tuition fees based on their financial. Grants will be awarded if possible, based on available budget. Financial need-based scholarships are given for one academic

year. They are renewable for following academic years upon submission of a scholarship renewal request on the yearly registration file (April/July).

In all cases, awards are subject to academic results and behaviour in line with the values of the school, or a change in financial situation.

How to apply

Applications for need-based scholarships open in April and July of the year preceding the signing of the academic contract for entry into ESCP. Eligible students will receive a personal invitation to apply.

The scholarship application must be submitted through the registration file during the scholarship campaign. Applicants are required to include the completed form along with all supporting documents, such as financial statements, proof of citizenship, CROUS certification (if applicable), proof of fiscal residence, and any other mandatory documents.

Scholarship decisions are communicated via personal email following the committee's deliberations. Awarded amounts will be directly deducted from the tuition fees.

Merit-based scholarships

Non-European students from admissions paths "ESCP Direct Admissions" and "Join a school in France" (SAI) are eligible for merit-based scholarships. They are awarded upon admission to the Master in Management. Merit-based scholarships range from 25% to 100% of the first year tuition fees.

Merit-based scholarships are only awarded for the first year of studies (M1). The scholarship is not renewable for M2.

No additional merit-based scholarships are given during the studies.

* CROUS scholarships are financial need-based grants allocated by the French Ministry of Higher Education. See their website: <https://www.crous-paris.fr/bourses/bourses-sur-criteres-sociaux/>
